The Boss Weekly.

The Weekly GAZETTE this week presents a large amount of valuable reading matter, information, local and general news. There are over sixteen columns of bourgeois type devoted to reading matter, besides the advertisements which are the best means of information to strangers. This single issue will convey more knowledge of the town, country and people to a person at a distance than a hundred letters. Subscribe for the GAZETTE and send it to all inquirers about New Mexico.

Creditable.

The Las Vegas Daily GAZETTE is by no means a discreditable publication, but on the contrary makes a favorable showing for the business interests of this city. Mr. Koogler's as a journalist is yet to be judged from his weekly, which has proven a success. It will require time to get the daily in working order.—Optic.

The Trinidad News evidently knows a good thing when it sees it, as it one day last week clipped two columns of matter from the DAILY GAZETTE giving the proper credit.

Revolutionists in Chihuahua and Sonora often procure large quantities of arms and ammunitions from this side of the line. These implements of war are now getting cheaper and they can thus have rebellions more frequently. They need not go further than Las Vegas to buy in a full supply as L. Houghton can outfit them.
